Introduction

Communications is fundamental to the existence and survival of humans as well as to an organization. It is a process of creating and sharing ideas, information, views, facts, feelings, etc. among the people to reach a common understanding. Effective Communication is significant for professionals in the organizations so as to perform the basic functions of management, i.e., Planning, Organizing, Leading and Controlling.

A professional may be highly qualified and skilled but if he does not possess good communication skills, all his ability becomes irrelevant. A professional must communicate his directions effectively to the subordinates to get the work done from them properly. With this understanding MACFAST constituted Communication Skill Development Council in the academic year 2018-19, specifically to engage with activities that enable a student to cater his future needs of communication. Moreover, institutions like MACFAST look into the prosperity of its students in terms of placing his to a better company where communication skills play a major role.

Objectives of CSDC

The main objective of CSDC is to tap on the interest of the students in communication: to refresh, restart and develop further oral and written academic proficiency in English by inculcating knowledge, in order to sustain learning and professional training and to enhance their social integration in the local and global world. The department would enable the students to acquire proficiency, both in spoken (oral) and written language. It is expected that at the end of the module, the student will be able to develop comprehension skills, improve vocabulary, use proper grammar, acquire writing skills, correspond with others and enhance skills in spoken English.

Action Plan

The activities of Communication Skill Development Council spread into three departments at MACFAST, MBA, MCA and MSc. Each department is having its own working style in achieving deliverables in accordance with their stream. The various activities are proposed and carried out based on the needs of each department. However, business update session is common for all the three departments. This activity is carried out in two phases.

Knowing English level with EnglishScore

EnglishScore is a quick and accurate test of student's English level. This is a free test conducted and authorized by British Council aiming to improve the proficiency over the English Language. The EnglishScore test is an assessment of grammar, vocabulary, reading and listening skills. The test is 72 questions in length, comprising 48 grammar and vocabulary questions followed by 24 listening and reading items. The score of this test is sufficient to prove student's English level to an employer, prepare for an exam such as IELTS and get personalised recommendations to help the students to achieve their goals. Department of Communication insisted the students to acquire EnglishScore by attending this test. In the department of management studies All the faculty members and **250** students bagged their EnglishScore Certificate.
