## Students Projects

Project-based learning not only provides opportunities for students to collaborate or drive their own learning, but it also teaches them skills such as problem solving, and helps to develop additional skills integral to their future, such as critical thinking and time management. As the part of the MBA curriculum prescribed by M. G. University, students must undertake a two months project study within the scope of their specialization. Following are the batch wise list of student's projects.

### Students Minor Projects

Project-based learning not only provides opportunities for students to collaborate or drive their own learning, but it also teaches them skills such as problem solving, and helps to develop additional skills integral to their future, such as critical thinking and time management. As the part of the MBA curriculum prescribed by M. G. University, students must undertake one month organization study. From the academic year 2019 onward organization study changed to internship which is of two months duration. Following are the batch wise list of student's minor projects.
