Please submit the departmental activities of mentoring of all the batches as a report on or before 20th October. Hope that the mentoring has already started for the first semester students. If not, kindly initiate it at the earliest. Mentoring books for faculties, if needed, can be scaled from Administrator's Office.

Today's mentoring session (24-10-19)

HOD-MBA MACFAST <hodmba@macfast.org>

To: Deans and Faculty Members

Dear colleagues,

Let's utilize today's Mentoring hour for orienting students for preparing for the model exams & Uly exams. Since they're sitting their 1st Uly exam for MBA, we need to clearly make them understand the following:

1. The four question paper format
2. How to write the answers (mark pointers-joints) to be highlighted, draw diagrams/figures, providing examples, elaborating the points with maximum contents etc. i.e. how much to write for sections A, B & C.
3. Time management during examination
4. Keeping the primary focus on studies during the study holidays
5. Importance of getting at least 70% marks (not just pass marks), otherwise they may lose placement opportunities when a good company is 70% of the measure out off for applying for the job.

Any other points that help them to face exams with more confidence.
