**Workshop on "Patent Information and Drafting for R&D and Industry"**

Thiruvalla:

22-12-2016

A workshop on "Patent Information and Drafting for R&D and Industry" was conducted by MACFAST and School of Biosciences in association with Kerala State Council for Science, Technology and Environment (KSCSTE). The workshop was initially scheduled to be conducted on 6th December but was postponed to 22nd December 2016 due to inconvenience by the speakers. The meeting was inaugurated by Er. Renjith D, Scientist at Sree Chitra Tirunal Institute for Medical Sciences and Technology and chaired by Fr. Pradeep Vazhatharamalayil, Principal, MACFAST. Prof. Biju Dharmapalan welcomed the gathering and Prof. Blesson Santhosh George recorded the vote of thanks. Prominent project scientists such as Er. Renjith D, Adv Febin James, Alfred Arnold were the resource persons for the seminar. India tops in many categories worldwide, but ranks very low for the number of accepted patents. The workshop has become a platform to clear doubts on patents and product filing. The workshop was attended by 148 students and has become a venue for explaining the different branches of IPR, viz: Patent filing, Copyright, Trademark, Intellectual design, Procedure, Patent system in India etc. Along with these the legal issues arising out of IPR was also discussed in this workshop.
