

Cleaning of Sree Vallabha Temple Pond

12th January 2017

In the next phase of the cleanliness campaign associated with the Swachh Bharat Mission, our NSS team of 40 volunteers actively participated in the cleaning of the temple pond and premises of Sree Vallabhha temple on 12th January 2017. The volunteers also created an awareness of the health issues resulting from contaminated water and the need for water conservation among the people assembled there. The bushes and grass around the pond were cleaned. The plastic bags and containers around the premises were discarded properly and the NSS volunteers emphasized the need to reduce the use of plastic items and to promote the use of cloth or paper bags, steel bottles, etc. to the people over there. The relevance of cleanliness in rainy seasons and the need for the removal of containers that hold water to avoid the spread of diseases was also highlighted. Various placards with drawings and writings were also shown to create awareness among the general public.
