

Cleaning of Public Bus Stop at Thukalassery

6th Aug, 2021

Bus stop is a common place where a lot of passengers wait for the bus. So the surroundings should be cleaned and cleared from any rubbish. NSS MACFAST unit found the nearest Thukalassery bus stop has become useless with overgrown weeds and foliage. So, 10 NSS volunteers under the leadership of our programme officer Dr. Jeemon Joseph cleaned the bus stop by clearing the weeds and other materials for the safety of the passengers. We expect that this cleaning activity will be an encouragement for the future generations to keep the public places clean and tidy.
