

## Cleaning of Public Road at Adopted Village

24th September, 2021

Cleanliness is an important factor in the development of a place or a village. Being a public utility, roads deserve more cleanliness than anything else. NSS MACFAST unit observed that the roads of our adopted village are becoming worse due to overgrown weeds on both sides of the road. So, on 24<sup>th</sup> September 2021 during the afternoon session, 8 NSS volunteers under the leadership of our program officer Dr. Jeemon Joseph cleaned the road in the adopted village. The villagers were encouraged by our activity and they too were motivated. We were happy that we could change the face of our adopted village through our simple cleaning campaign.
