AI TOOLS

AI Tools for Searching Literature: This module equips participants with the skills to proficiently utilize AI tools for literature searches, enabling a streamlined and comprehensive exploration of relevant academic resources, thereby enhancing the quality and depth of research.

AI Tools for Literature Review: Delve into innovative AI tools designed to assist in conducting meticulous literature reviews. This segment aims to nurture skills in identifying, evaluating, and synthesizing existing scholarly works effectively.

AI Writing Tools: Participants will be introduced to AI writing assistants that facilitate seamless and proficient content creation, enhancing writing efficiency while maintaining a high standard of academic integrity.

AI Chat/Summarizer/Paraphraser: This module provides an insight into AI tools capable of summarizing and paraphrasing complex texts without losing the essence, offering an avenue for time-efficient and effective content analysis.

AI Tools for Data Analysis and Visualisation: Embark on a journey to explore AI tools that assist in data analysis and visualization, fostering the ability to derive meaningful insights from data and present them in visually appealing and understandable formats.

AI Grammar Check and Editing Tools: Gain hands-on experience with AI tools proficient in grammar checking and editing, which ensure the creation of polished, error-free, and academically sound manuscripts.

PANEL OF EXPERTS

Jasimudeen S.
Librarian
St. Stephen's College
Uzhavoor, Kottayam

Jasimudeen S is a Member of the Board of Studies, Library and Information Science, Mahatma Gandhi University, Kottayam.
