About Conference

The International Conference on "Advancements & Innovations in Phytochemistry, Nutraceuticals, and Functional Foods" is a scholarly event that focuses on recent progress and future directions in the fields of phytochemistry, nutraceuticals, and functional foods. These areas of study are crucial for understanding the potential health benefits of natural products and how they can be applied in modern food science and healthcare. It also provides a premier interdisciplinary platform for researchers, practitioners, nutritionists and dietitians, educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in this field. The conference will provide networking opportunities with experts in the field, exposure to cutting-edge research and innovations, exchange of knowledge on regulatory, commercial, and health implications of nutraceuticals and functional foods and collaborative opportunities between academia and industry.

MACFAST

Mar Athanasios College For Advanced Studies, Tiruvalla (MACFAST) is a prestigious postgraduate research institute affiliated with Mahatma Gandhi University, Kottayam, and approved by the All India Council for Technical Education (AICTE) and the University Grants Commission (UGC) under section 2(f), New Delhi.
